Musubi Lab provides a brand and service that enriches the lives of people around the world, centered on "dining" and "tradition" of Japan. In 2020, we launched an online shop for English-speaking countries that specializes in Kutani ware. The number of SNS / email members has exceeded 50,000 in the first year. Currently, we operate the brand "MUSUBI KILN" that introduces traditional tableware from all over Japan.
