

## About Shiro Miura

Born in Kyoto in 1969. After graduating from the Waseda University School of Science and Engineering, Graduate School of Architecture in 1995, he studied under Sotoji Nakamura, a master sukiya carpenter. After that, he established Sankakuya and worked on a wide range of projects from individual homes to store design and construction. Currently, as a representative of Rokkaku, he is engaged in architectural planning, design, design supervision, and place creation production. Taking on the role of managing not only the architecture but also the entire project, he participates in such projects as “Setouchi Cominca Stays” and “Azumi Setoda+yubune” in Hiroshima.
