2024.4

What is unique about "Roadstead"?

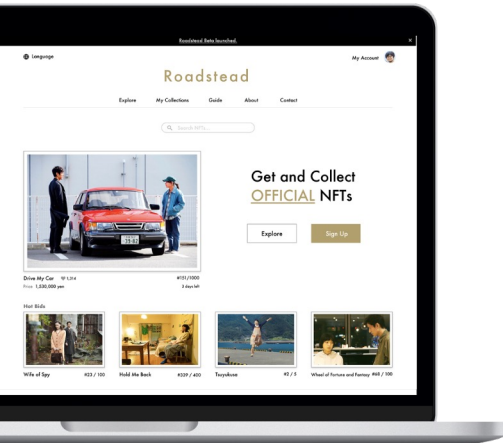

# The World's only **DVT** Platform

**DVT** = Digital **V**ideo **T**rading

Movie or Music Video works

- ① Limited number of items available for sale
- ② Customers can purchase and sell them to each other

## What are entrusted to **Digital Video Trading (“DVT”) x Roadstead**

Roadstead's greatest feature

- Enable to treat online video works as unique and inherent “Item” like DVDs
- “Item” gives the unique experience to customers
  - Become the owner of content with limited sales volume
  - Become the owner of content controlled by serial numbers
  - Customers can participate in distribution chain through selling and rentals of owned/purchased contents
  - Becomes a supporter who directly supports the exhibitor's activities from an economic standpoint

## What Roadstead aims

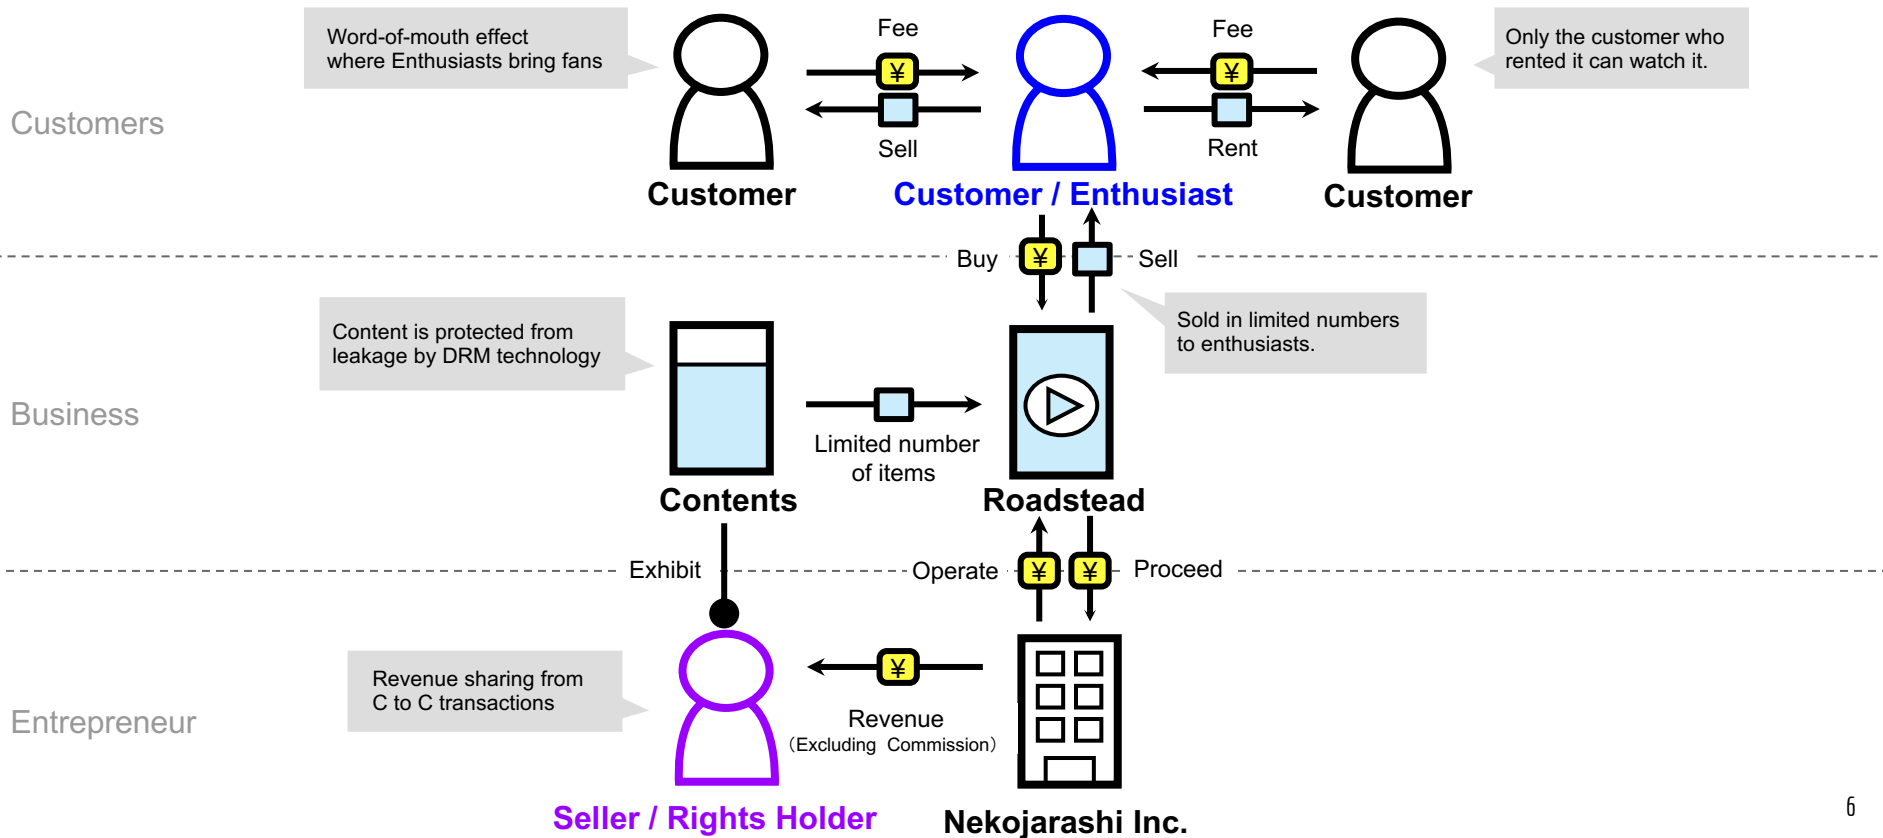

**Promote this Web3 concept as DVT, the world's first Digital Video Trading platform**

**Provide creators with a sustainable creative outlet**

- What customers can do on Roadstead
  - A distribution site where anyone can sell viewing rights to, videos, which can only be viewed on Roadstead.
  - DVT = "DVD online" - enjoy for watch, rent, sell, and auction!
- Merit for sellers (creators/rights holders)
  - Encrypted with DRM technology, so it cannot be downloaded or copied; until leakage.
  - You can freely decide the price and number of videos to sell.
  - No initial cost, only system fee; only 20% of the sales amount.
  - Partial profit is returned even if the purchaser resales or rents the item.
  - You can create your brand image on the dedicated official sales page.
- Advantages for customers (fans/supporters)
  - Purchases can be made by credit card; no virtual currency required.
  - Blockchain technology provides proof of purchase and plays the video only the owner.
  - Resale or rental\* to other customers for revenue. \*Rental functionality is in preparation

# WEB3 Concept = Platform for customers to participate in distribution

## **“The Legit” That’s the Roadstead’s message**

**Roadstead is the platform that legally connects creators and followers.**

**It blocks third-party intervention, exploitation, and fraud. It provides a mechanism for creators to obtain legitimate recognition and rewards and sustain rich creative activities.**

**At the same time, we will implement a function that allows followers to prove the legality of renting or reselling works they own and share the proceeds with creators.**

**Roadstead is a safe harbor where law-breaking pirates cannot enter.**

**It is a place where creators and followers can anchor with the same passion and co-create mind-blowing experiences.**

**We wish to connect creators and followers, and to make the future standard of legit-trading backed by justice.**

**With blockchain technology and digital rights management technology, Roadstead remark a new era.**
