* Anyone can attend. * Free of charge

Collaboration partners: Approx. 30 companies/organizations in Japan (planned)

* The Ministry of the Environment, Government of Japan, recruited pavilion participants by notifying companies, including those that exhibited at the Japan Pavilion at the COP of the UNFCCC. Also informed were the member companies of the Japan Platform for Redesign: Sustainable Infrastructure and the Decarbonizing Management Network. As a result, the exhibits displayed here are from companies which show interest in cooperating with this project.
