

WealthPark Co., Ltd.

WealthPark provides digital solutions that promote business efficiency to Property Managers. Our service is widely used by many Property Managers both domestically and abroad. In addition, WealthPark Mobile App, an effective communication tool between Property Managers and its customers (property investors), is currently available in four languages (Japanese, English, Traditional Chinese, and Simplified Chinese) and serves 14 countries/regions. Our team consists of members with diverse experience related to real estate, investment banking, consulting, manufacturing, e-commerce, and so forth. Approximately half of them are foreign nationals from 12 different countries.
